# ACT Energy Wise

## Home Energy Audit

**Interested in reducing your energy bills? ACT Energy Wise can show you how.**

There are many steps you can take to reduce your household energy costs. People often don't take action because they are unsure what the best steps are.

For just \$30, a professional energy auditor from the Home Energy Advice Team (HEAT) will visit your home, check the features of your house that affect your energy use and identify where savings can be made. You will receive a written report which lists these energy improvements.

Homeowners who spend at least \$2,000 on energy efficiency improvements identified during the audit will be eligible to receive a \$500 rebate from the ACT Government, plus a refund of the \$30 audit fee. Please see full Terms and Conditions on our website - [www.heat.net.au](http://www.heat.net.au).

In order to be eligible for a Home Energy Audit, your home must be:

- located in the Australian Capital Territory;
- built **before** 1996; and
- either free standing or semi-detached.

Before allocating you an auditor, you need to provide us with the last 12 months of your energy bills – that is, the last four consecutive electricity and/or gas bills that you have received. If you have been in your house less than 12 months, please provide all bills covering the period you have been in residence. If you have just moved in, please send in a copy of the connection notice that you received from your energy provider. Please make sure you send in the front AND back pages of each of your bills.

You can send in your bill data in any of the following ways:

Fax: 02 6260-6555,

Email: [info@heat.net.au](mailto:info@heat.net.au)

Post to: HEAT PO Box 3142 Manuka ACT 2603,

In person: SustainAbility Advice Team,  
Level 1 Manuka Arcade,  
20 Franklin St. Manuka  
ACT 2603

Pay close attention to the fact that while you may gather quotes prior to your audit, you may not accept any quotes or begin any work on energy efficient items before you receive your audit. If you do so you will not be eligible for the rebate.
